**Acknowledgement of receipt of
Student Leadership Calendar
Leadership Class 2011-12**

I, _____, have received a copy of the school
(student)

activities calendar and will participate in ALL student activities listed on the calendar. I understand that I am required to participate in all school activities (before, during, and after school) and that **I am required to help clean up after the dances until 5:30 P.M.** Also, doctor's appointments, dance rehearsals, dental appointments, tutoring appointments, etc., need to be scheduled so that they do not conflict with the class' activities. These activities (and dates) were planned by leadership class students for the benefit of all SMS students. Therefore attendance at all events is mandatory. **Because participation in this program is voluntary, students who agree to be a part of the program also agree to participate in all events (unless there is a serious emergency.)** Students who have a busy schedule and must leave early from events or choose not to participate in events will not be allowed to participate in the program.

Student Section

I agree to participate in all events on this calendar and understand the time commitment involved. I understand that arriving/leaving late would put a strain on other Leadership Class members, and agree to participate fully in all events during the specified times. I will schedule **all** appointments, practices, and rehearsals so that I can meet my Leadership Class obligations. I also understand that I must participate in all schoolwide contests – since my participation encourages that of other students.

Student's Signature

Date

We acknowledge that we have received the Leadership Student Activities Calendar for 2011-12. We have discussed the importance and responsibilities of being a member of the Leadership Program with our child and feel that he/she understands these responsibilities and will be able to participate fully in all events for the entire event. **We will not ask for permission for our child to miss events or leave events early during the year due to other obligations/commitments. We will keep a copy of this calendar at home so that we can schedule around it.**
